Notes to the Accounts for the Year Ended 31 December 2023

1 Accounting policies

Basis of preparation

The accounts have been prepared under the historical cost convention, as modified by the revaluation of certain fixed assets.

Turnover

Turnover represents the invoiced value of sales of goods, net of value added tax.

Depreciation

Depreciation is provided on tangible fixed assets so as to write off the cost or valuation, less any estimated residual value, over their expected useful economic life as follows:

Plant and machinery

15% Reducing Balance Method

Revaluations

Fixed assets are included in the balance sheet at revalued amounts.

Stock

Stock is valued at the lower of cost and net realisable value, after due regard for obsolete and slow moving stocks. Net realisable value is based on selling price less anticipated costs to completion and selling costs.

Pensions

The business operates a defined contribution pension scheme. Contributions payable for the year are charged in the profit and loss account.
